

Keystone School

Agreement for Use of Student iPads

The Apple iPad that you use is the property of the Keystone School and is made available to you as **a tool for learning**.

For all students, K-8

The use of an iPad is a privilege that can be revoked (taken away). Inappropriate use or neglect of an iPad can result in limits to or loss of use of the iPad.

- I will access only my assigned iPad at school each day as directed by my teacher. I am responsible for the material on and care of this iPad including charging and storing it in the classroom cart daily.
- I will seek teacher direction before personalizing settings in any way.
- I will not eat or drink near the Apple iPad.
- All school policies regarding Internet usage and computer usage as stated in the Keystone Responsible Use Policy must be followed at all times. Any inappropriate web or email activity can result in the loss of the iPad privilege.
- I will not share my password with any other student.
- Keystone School uses an Internet filter to protect students from inappropriate content. If a questionable website is accessed, I should report it immediately to my teacher.
- All activity conducted on the school network is monitored and can be tracked/traced. All use of the Internet/Network should be to further your education and enrich educational resources.
- I will exercise online safety and digital citizenship skills including protecting passwords and personal information, and treating others with respect when interacting with online tools.

I have read and agree to follow the Keystone Student Agreement for use of Student iPads. I accept responsibility for the care and content of the iPad assigned to me for the year. I understand that I may lose my iPad privileges as a result of inappropriate behavior.
